

INTRODUCTION

Welcome to the all new designed Newhank Soulmate Professional closed Headphones. The Soulmate reproduces a detailed, clean and powerful sound. It has a really nice fit and the closed-ear, circumaural design minimizes outside noise and offers incredible comfort during long periods of wear. The mechanical quality is superb, for there are no moving plastic parts that can break and brushed aluminum stirrups guarantee maximum strength. All this and its very low and friendly price tag, make the Soulmate the obvious choice for professionals and the perfect Tool for DJ, Studio, ENG, Broadcast, PA, Post Production and so on. The Soulmate is also a great match for your personal/consumer playback device and as a bonus we included an extra short cable for that purpose..
